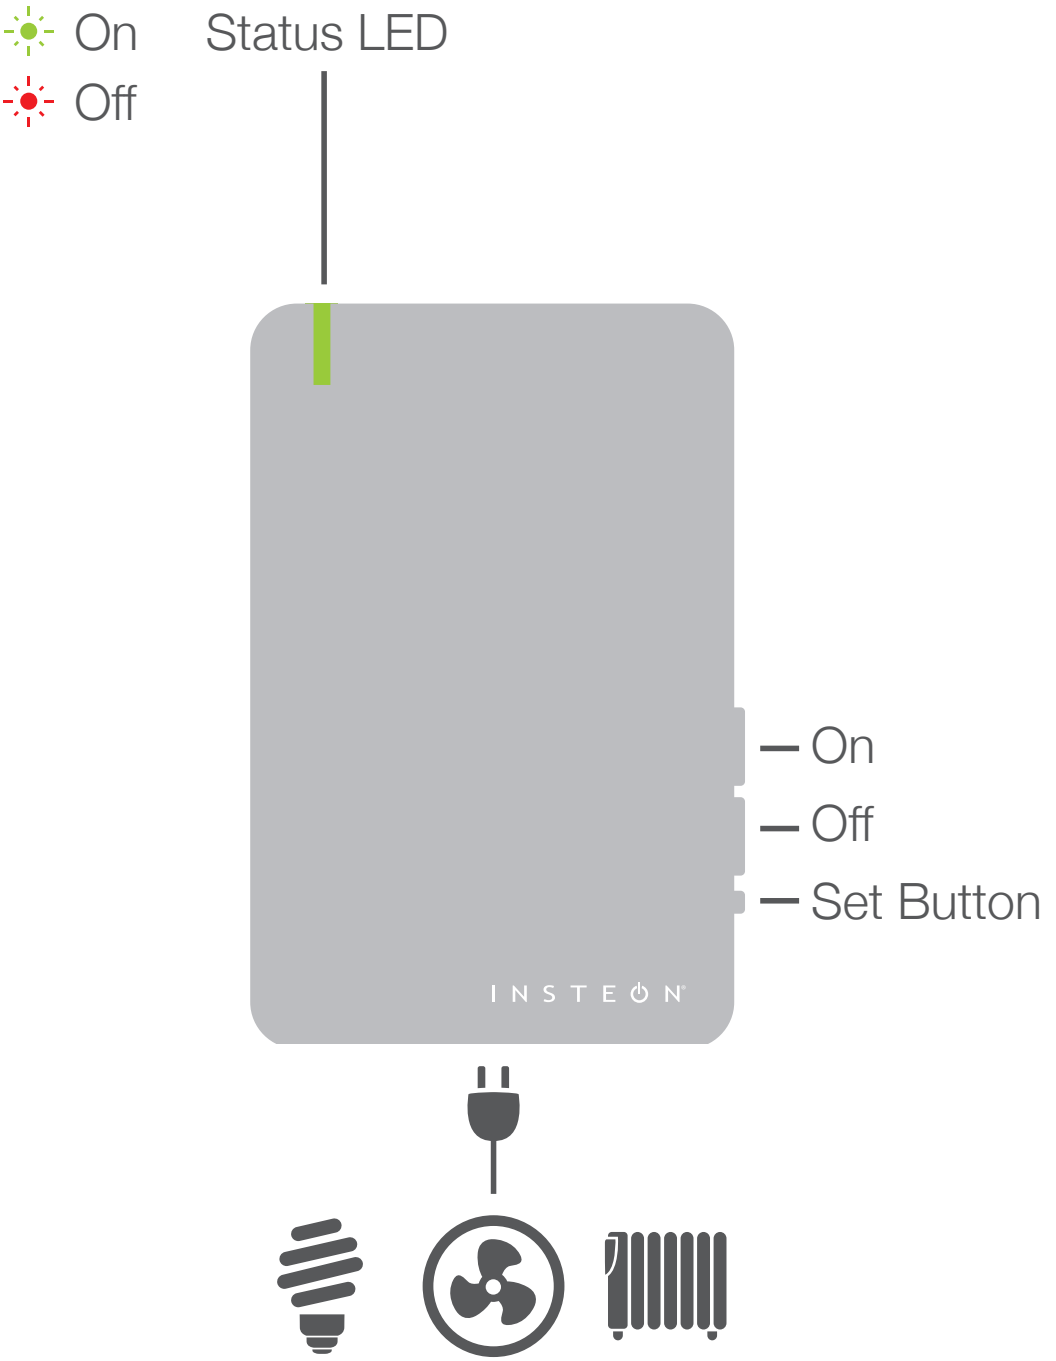
INSTEON

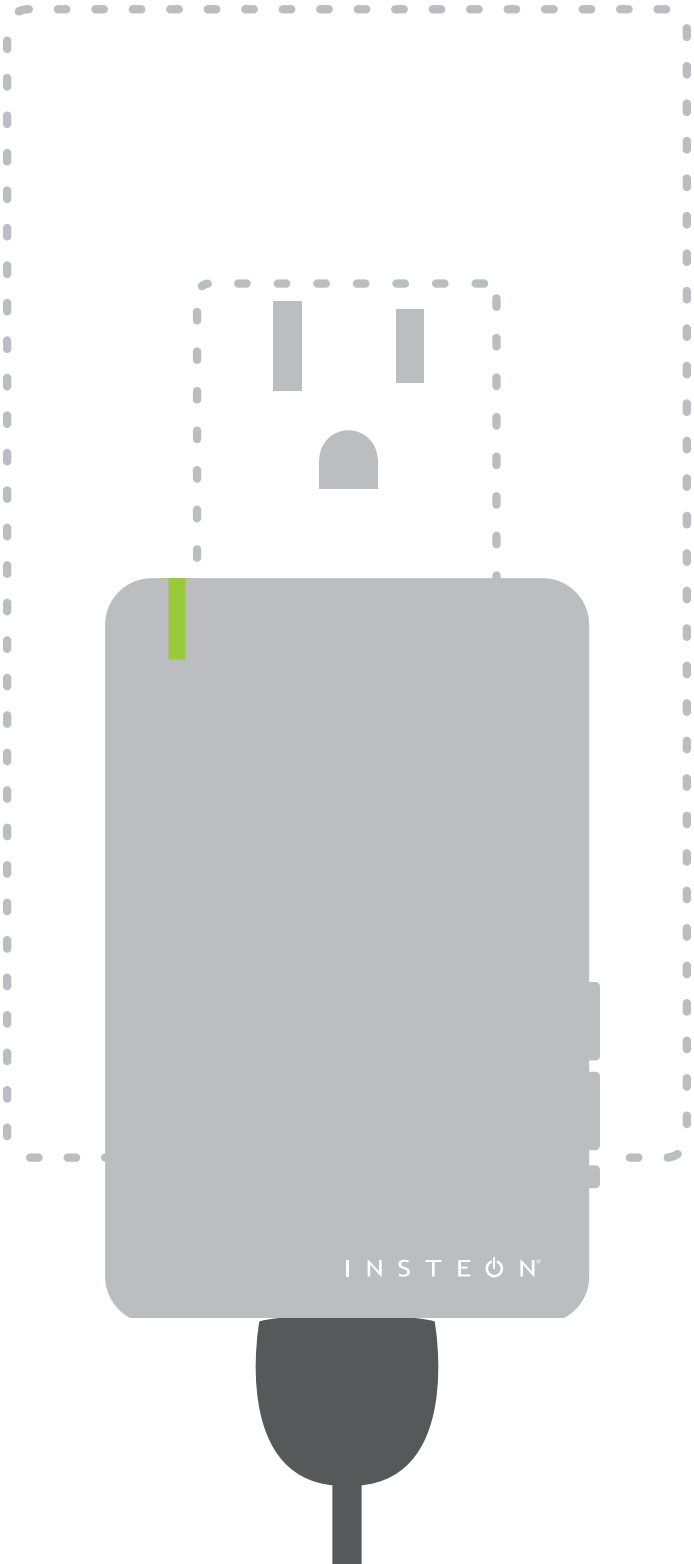
INSTEON On/Off Module
2635-222
Quick Start Guide

INSTEON On/Off Module



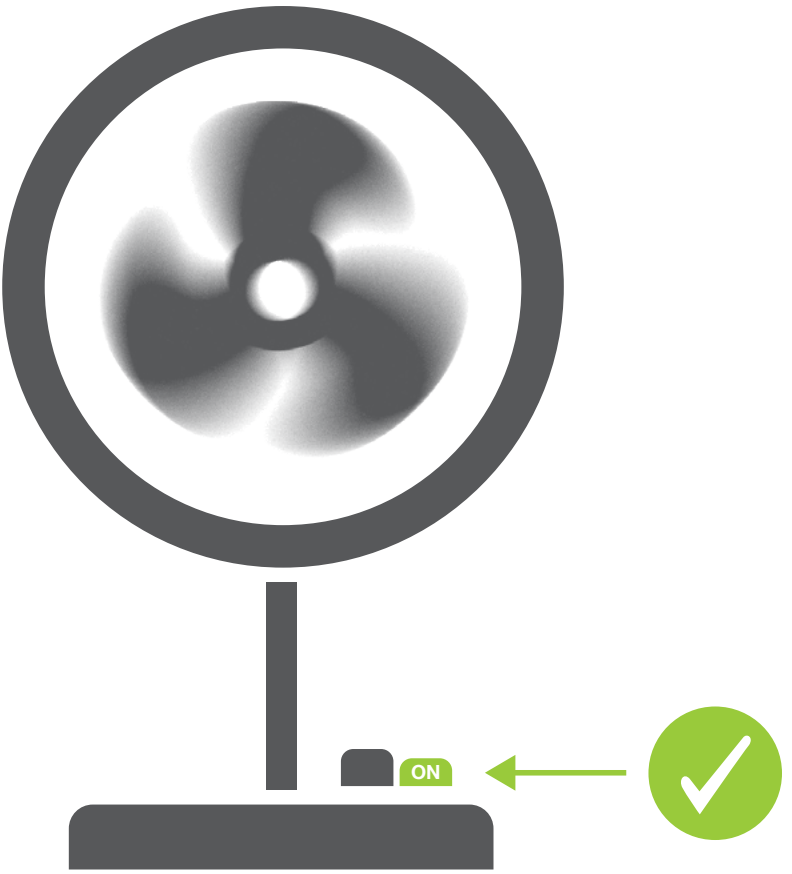
Installation

Plug your appliance into the bottom of the On/Off Module and plug the On/Off Module into an unswitched wall outlet.



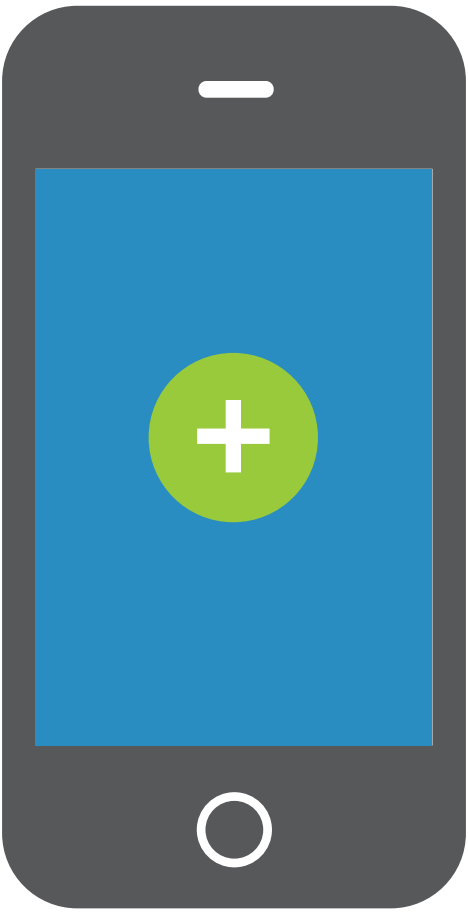
Leave Your Appliance On

If your appliance's switch is OFF, the On/Off Module will be unable to remotely turn ON your appliance.



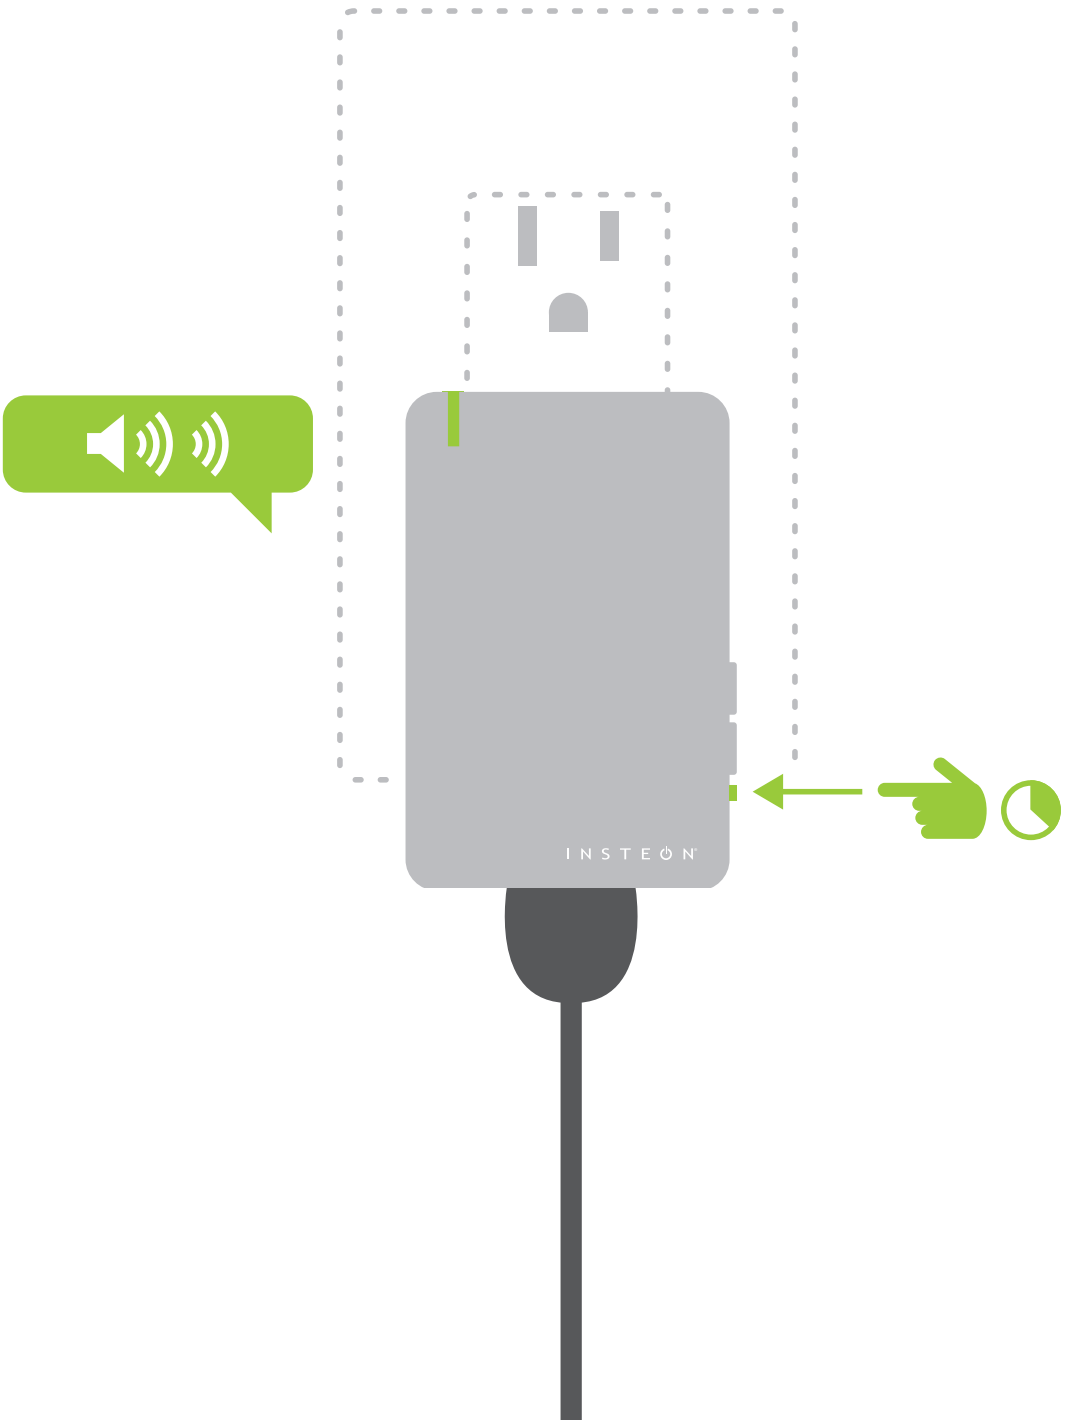
Linking to the Hub

1 Follow the on-screen instructions to add your On/Off Module to the INSTEON Hub.



If using a hardware controller, refer to the instructions that came with your product.

2 Make sure your connected appliance is on and when prompted, press and hold the On/Off Module's set button.



Device Control

Turn on, turn off, set schedules and create scenes for your On/Off Module using the INSTEON Hub and App.
